PRESS RELEASE

Our Energy Manager LLC along with their partner Wahoo Consulting LLC Announces New Pilot Project with the Commonwealth of Virginia.

December 5, 2018: OEM today announced a new pilot project with the Commonwealth of Virginia in which OEM will be auditing utility invoices for some of their largest state-owned facilities.

Headquartered in North Kansas City, MO, OEM is a woman-owned energy management company that specializes in Energy Procurement, Energy Risk Management, Utility Bill Management, Utility Audits, Energy Asset Management and EV Charging Stations.

"We are excited to work with the Commonwealth of Virginia on this pilot project and we hope to show significant value with our services", says owner Summer Robbins.
