

A FOODSERVICE WHOLESALER/DISTRIBUTOR

Supply and Utility Bill Management

Project Snapshot

- In the past 12 months, through market-timed opportunities we were able to save this client more than \$100,000 on their energy supply contracts
- Through utility bill management, we've saved:
 - \$68,000 by finding billing errors
 - \$2,400 in reversing late fees
 - \$29,565 by finding meter read errors

A LARGE SUPPLY CHAIN SERVICES COMPANY

Supply and Utility Bill Management

Project Snapshot

- In the past 12 months, we've been able to save this client more than \$440,000 on their energy supply contracts through market-timed opportunities
- Through monthly utility bill auditing, we found a demand charge and pursued correction of the error with the utility, which resulted in a savings of \$9,850
